

Claims

1. {Demountable Stub Post}

A demountable post extension (or extender) (10),
has a clamp action mounting at one (base) end.

5 2. {Wedge Driven}

A demountable post extension (10) of Claim 1,
with a wedge driven (mechanically advantaged) clamp action.

3. {Transverse Sliding Wedge}

10 A demountable post extension (10),
of either preceding claim,
with a transverse movable wedge (21),
operable for longitudinal movement of a depending mounting jaw (22).

4. {Rotatable Jaw}

15 A demountable post extension (10) of any preceding claim
with a rotatable depending jaw (22),
locatable in a profiled mounting plate (13) aperture.

5. {Post Extension}

20 A post extension (10) comprising,
an elongate tubular body,
a carrier or traveller (38) movable longitudinally of the body,
with a depending locating and locking tongue (22),
protruding from a base plate,
a transverse positional adjustment screw (19),
for engagement with a wedge (21)
25 located in a longitudinal slot in a carrier (38),
so that screw (19) rotation
draws the wedge (21) along the screw (19) length
and moves the carrier (38) and in turn tongue (22)
longitudinally of the post (10).

6. {Depending Flange / Lip}}

A post extension (10) of any preceding claim,
with a depending flange (32) and/or profiled lip (31)
to inhibit rotation
5 upon screw (19) tightening.

7. {Inner Abutment}

A post extension (10) of any preceding claim,
with an inner abutment (37)
depending from mounting plate (24)
10 to locate in a tongue reception aperture (39)
in a capture, handling and support fitting (13).

8. {Stub on Stub Mounting}

A post extension (10) of any preceding claim,
configured for co-operative mounting upon other post extensions (10).

15 9. {Screw Tie}

A post extension (10) of any preceding claim,
with a restraint tie (27),
such as a clamp screw retention element,
to inhibit inadvertent demount.

20 10. {Illustrated Embodiments}

A post extension (10),
substantially as hereinbefore described,
with reference to, and as shown in,
the accompanying drawings.

25 11. {Container + Demountable Post Extensions}

A container (20), such as a collapsible flatrack,
fitted with a demountable post extension (10) of any preceding claim.

12. {Container with Bespoke Deck Recesses}

A container (20), such as a collapsible flatrack,
30 with bespoke profile recesses (34) in a platform deck (12),
to accommodate demounted post extensions (10)
of any preceding claim.
